

What You Need to Know about Overdrafts and Overdraft Fees

What is your right to request Overdraft Coverage?

We will not allow your account to become overdrawn due to ATM withdrawals and debit card purchases you make at a store, online, or by telephone, unless you tell us you want overdraft coverage for these transactions. Even if you do not request overdraft coverage for ATM withdrawals and debit card purchases, we may still pay your overdrafts for other types of transactions, including checks and automatic payments (ACH).

What overdraft fees will I be charged?

- We will charge you a fee of \$32 per item each time we pay an overdraft.
- There is no limit on the total amount of fees we can charge you for overdrawing your account.

What other ways can I cover my overdrafts?

We offer other ways of covering your overdrafts that may be less expensive, such as linking your account to another account with us or a line of credit for overdraft protection. Contact us to learn more about these options.
